The Volunteer English Program is a free, independent tutoring program for adults who come to Chester County from other countries. VEP provides one-on-one tutoring to teach English, promote cultural understanding, and support community participation. For 24 years, dedicated volunteer tutors have helped thousands of new residents become self-sufficient, contributing members of our society.

Come to the Breakfast and learn about VEP's impact in the community. Hear about the power of VEP's tutoring and how we improve the lives of those who have moved to America.

Help support our efforts by making a contribution. Investing in the Volunteer English Program is an investment in our community and future.
